# SHOCKERS

## ABOUT US

Shockers Baseball is a third year program based out of Genoa City, Wisconsin. We offer a highly competitive year round baseball experience for every player that comes through our doors. Through our goal-oriented training regiment, we are able to build not only high-level baseball players, but strong-willed individuals that are ready for life after high school.

Through the use of progressions and goal-based training, we strive to help each player reach their full potential. Baseball is hard as it is. Understanding that there's no need to make it more difficult, in understanding that, we are able to encourage our players to get better every day. Each and every player on our teams has untapped potential that we are dedicated to getting out of them, and the mutual understanding of that helps us do just that.

Our coaching staff is comprised of current and former college players that understand the importance of consistency and attention to detail. The facility isn't just a place to come and grow as a player, it provides an encouraging and productive environment for our athletes to build relationships and feel as comfortable as possible.

# FACILITY

All teams will practice in our 6,000 sqft facility. The facility is open year round to Shockers players as well as private lessons for individual players looking to improve their game. Teams can also rent out the facility for as long as they would like. 6 cages can be pulled or split however the space suits your needs. Our house is yours.

Available equipment includes:

- (2) Portable Pitching Mats
- (2) Portable Plyo Walls
- (3) TidalTank Waterbags
- (6) Tees
- (6) L-Screens

# SHOCKERS

## LEAGUE GAMES

We compete in the Major YBL. Around January every year, they come out with the divisions and from there we will schedule our games. The total number of games depends on how many teams are in each division, but we will play every team twice. Once at our home field, and once at their field

## TOURNAMENTS

Tournament selection is dependent on group and skill evaluation, development, and competition level. We strive to be competitive and develop each kid to their highest potential. We will have 7 tournaments per age group.

## MIDWEEK SCRIMMAGE

On occasion, we will play a midweek scrimmage instead of having team practices. These games are relatively local, or at our home field in Lake Geneva.

# SHOCKERS

# PRACTICES

Our goal is to be a one stop shop for our players by creating a competitive and encouraging environment so our athletes can push each other to be better.

**Open Facility:** You ask, we help and you get what you put into it. Come as often or as little as you'd like. This time is allocated for the player that wants to get better. Hitting and pitching time with individualized programs written for the athlete. The focus is on individual player development. As many sessions as you'd like, free of charge.

**Team Practices:** Team Practices are not mandatory, but highly encouraged. We dive into situations, how to's of the game, and build baseball IQ.

**Live Simulations:** We make sure players are ready for their high school seasons. These are pitcher vs. hitter sessions created to be as game-like and competitive as possible.

**Summer Practices:** In the summer, we find a way to balance outdoor team practices, indoor developmental work, and free time to still let the kids enjoy their summer.

# SPONSORSHIPS

Shockers Baseball offers individual sponsorships to assist with the cost of tuition. After a roster invite has been accepted and the commitment fee is paid, players and their families will have the opportunity to ask local businesses to “sponsor” their upcoming season.

Throughout the month of August, each player has the chance to get as many businesses to raise as much money as possible in order to offset the family’s tuition cost.

Any excess money raised is non-transferable and will be put back into the players development.

Sponsorship payments will not be accepted after August 31st.

## NEXT STEPS

What happens after I make the team?

- **Upper Hand:** Each family of the player selected to the team will receive an invite to UpperHand, the scheduling software used by State Line Shockers Baseball. From there you will set up your account or login to your existing account. Through the app you will be able to view the facility's schedule and all necessary news regarding the program. This account will be necessary to pay online, schedule lessons, clinics, or camps, and to redeem any benefit afforded by the organization.
- **GameChanger:** Each family of the player selected to a team will receive an invite to GameChanger, the team home for any game schedules, stats, and communication efforts.
- **GroupMe:** Each player will receive an invite to GroupMe. This will allow for direct communication between players and coaches regarding a wide range of information. If a player does not have a device they are able to use, accommodations will be made.
- **Band (Optional):** Each family will receive an invitation to post and view any photo taken and posted to the team's feed. This is a public page that anyone with the link is able to view.
- **FieldLevel (Optional):** Each player will have the chance to create their own free FieldLevel account. The app acts as a social media platform for recruiting. Once the player has an account, they join State Line Shockers Baseball and are added to the program's roster to be seen by any and all coaches that are connected with Coaches and/or are following the team's page.
